Nº REG. AEMPS: 633-DES

Self-drying hydroalcoholic solution for skin and hands

DESINFECTANTES
INSECTICIDAS
DETERGENTES
PROFESIONALES

DESCRIPTION:

Antiseptic for healthy skin and for pre-surgical rubbing of the sanitary technical personnel.

HOW TO USE AND DOSAGE:

Preoperative surgical treatment: Apply the pure product (3 ml) always on healthy, clean and dry skin, extending over the whole surface of the hands, rubbing well between the fingers, and forearms for 3 minutes. Allow to dry or help with a sterile towel. Hygienic treatment: Apply the pure product (5ml) always on healthy, clean and dry skin, rubbing on the skin for 30 seconds. Allow to dry or help with a sterile towel. Antiseptic for external use. Do not eat. Do not inhale. It will not be used in people sensitive to its components, in extensive areas of the skin, or for a prolonged time. Do not mix with other products.
